IRCAM has been QUALIOPI certified in the "training actions" category since 2021.

As a result, for people living and/or working in France, it is possible to apply for funding for our professional training courses, depending on your status, from your OPCO (for example Afdas), your employer, or Pôle emploi, to name but a few.

https://travail-emploi.gouv.fr/ministere/acteurs/partenaires/opco
https://www.afdas.com

The IRCAM team will help you with your application!

Our courses are not eligible for the CPF (personal training account).
If you live outside of France, information is given at the end of the document.

HOW DO I APPLY FOR FUNDING?

• Depending on your status, contact the appropriate organization (see below "Who Do I Contact?") to understand your rights and to start compiling your application.

It is important to:
  o Take the time to check with your contacts to see which funding schemes you are eligible for and whether you meet the requirements.
  o Be attentive to the time required to submit an application. For example, some organizations do not accept applications less than one month before the start of the training.

• On the IRCAM website, answer the assessment questionnaire for each training course you are considering. IRCAM will then send you an estimate and the necessary elements to complete your application for financing.

• Once all the elements have been gathered, you can send your request for financing to the competent organization.

Important:
  o To validate your registration, IRCAM must receive the financing agreement before the beginning of the training.
  o Submitting a request for financing does not guarantee that it will be granted.

For any information, please contact IRCAM at 01 44 78 47 60 or info-pedagogie[at]ircam.fr.
